

# Contact Us Today for a Pro Bono Legal Screening!

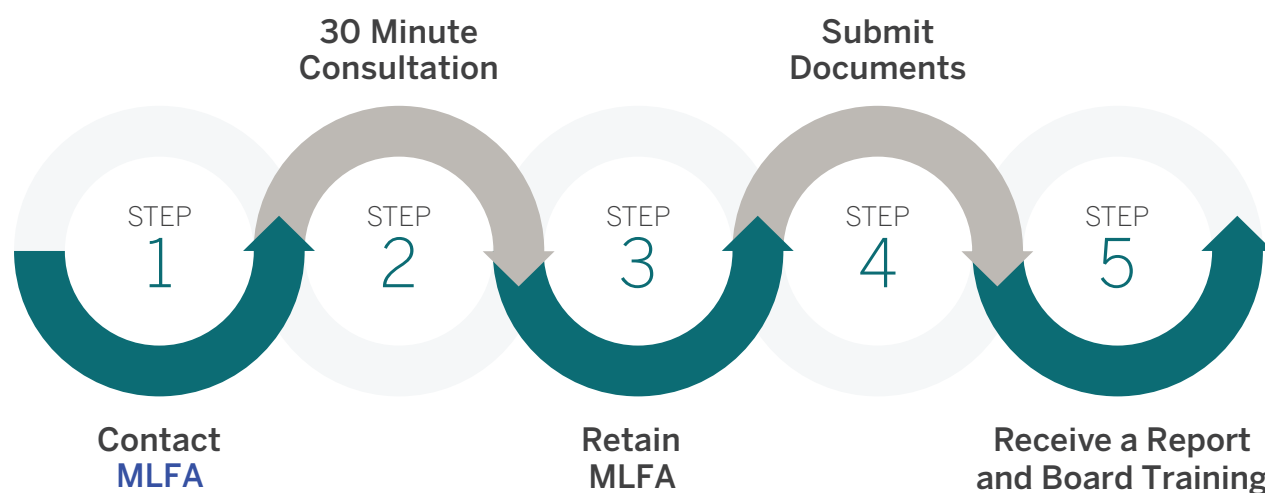

The MLFA Nonprofit Governance Department offers free and confidential legal screenings to help nonprofit organizations identify legal risks and encourage healthy practices. During a screening, lawyers review organizational documents, identify legal risks, provide a scorecard report, and conduct leadership training.

## Benefits to Nonprofits

- Understand the legal roles and responsibilities of a nonprofit and its board
- Operate within legal parameters
- Promote community confidence and trust

## How It Works

### About Us

The Muslim Legal Fund of America (MLFA) is a community-centric, grassroots non-profit organization fighting for national security reform, upholding and establishing justice in our courtrooms and communities for Muslims in America. MLFA is a non profit full service defense fund dedicated to defending Muslims' civil rights and liberties at the federal level. MLFA addresses unwarranted actions towards Muslims, such as travel restrictions, immigration denials, bank account closures, and extra scrutiny of nonprofit work. In addition, MLFA provides pro bono governance, risk & compliance legal screenings to Muslim 501(c)(3) and 501(c)(4) nonprofit organizations.
